Public Deposits:

Your company has not accepted any deposits from public and as such, no amount on account of principal or interest on deposits from public was outstanding as on the date of the balance sheet.

Management discussion and analysis:

1. Industry Structure and Developments

Slothful business due to immense competition among the I. T. Management consultancy services and "Moviegear" Equipment Rental business sector forced us to keep ourselves in the back foot for considerably long span during the year. It is the snapping factor responsible for our declined business growth and development. However, the Company continued with its I. T. Management consultancy services related business during the year.

2. Industry Outlook:

The Company is an information technology services, consulting and business solutions related Company. The Company provides end-to-end technology and technology related, telecommunication related, communication systems, satellite and satellite related, software and software related, computer hardware and hardware related, E-commerce and E-commerce related services, etc.

3. Opportunities and Threats:

The Company recognizes the need to accelerate ability to connect more deeply with our customers to enable true transformation. Increasing IT usage and adoption within the country is enhancing competitiveness of the Indian economy and the user community. Indian businesses, that are using Information Technology, as an enabler, are becoming increasingly competitive in the global arena.

The demand environment will continue to remain buoyant in the coming fiscals due to increased IT Consultancy spend by organizations as well as greater acceptance of the global delivery model. Due to immense competition the company is facing threat to its existing line of businesses.

4. Segment-wise performance:

During the year the your Company operated in only one segment viz., I. T. Management Consultancy. Hence Segment-wise Revenue, Results and Capital Employed as required u/s 133 of the Companies Act, 2013 and under Schedule IV of the SEBI (Listing Obligations and Disclosures Requirements) Regulations, 2015 for the year ended 31st March 2018 is not applicable to your Company.

5. Research and Development:

Our Research and Development (R & D) focus is to drive innovation in all areas of our business, resulting in improvements in product quality, cost savings, higher efficiencies. We have integrated our R&D practices to operate in cope with all our businesses and various product categories. We leverage R & D activities to keep well informed of changing consumer preferences. This includes consumer studies to gauge feedback on new products, modifying products to suit consumer tastes and adding features and variants to existing products to provide alternative solutions to our consumers.

6. Risks Management and compliance:

Your Company has an elaborate risk management procedure, which is entirely based on different parameters related to business operations. Some of the risks related to competitive intensity and cost volatility. Major risks identified by the Audit Committee are systematically addressed. These are discussed with both Board and Audit Committee. These are routinely tested and certified by Internal Auditors/Statutory Auditors and cover all offices, divisions and key areas of business. Significant audit observations and follow up actions thereon are reported to the Audit Committee. The Audit Committee reviews adequacy and effectiveness of the Company's internal control environment and monitors the implementation of audit recommendations, including those relating to strengthening of the Company's risk management policies and systems.

7. Internal financial control system and their adequacy:

Your Company has proper and adequate system of internal financial controls, to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorised use, executing transactions with proper authorisation and ensuring compliance of corporate policies. The internal financial control is supplemented by an extensive programme of external audits and periodic review by the management.

The system is designed to adequately ensure that financial and other records are reliable for presenting financial information and other data and maintaining accountability of assets.

8. Human Resource:

Your Company regularly organizes in-house training programmes for employees to improve operational efficiency. Company's strategy is to recruit qualified and talented employees.

Cautionary Statement:

Statement in this Management Discussion and Analysis deals with Company's objectives, projections, estimates, expectations and predictions. The expectations of the management are regarded as forward looking statements with meaning of applicable securities, laws and regulations. These 'forward looking statements' are inherently subject to risks and uncertainties, beyond the control of the Company or its management. Many factors could cause the actual results, performance and achievements of the Company to be materially different from any future results, performances or achievement that may be expressed or implied by such forward looking statements. S Kumars

Online Limited shall not be liable for any loss which may arise as a result of any action taken on the basis of the information contained herein nor would be under any obligation to update the forward looking statements to reflect developments of events of circumstances hereafter.

Explanation on qualifications in Auditors' Report

Company has continued with its IT management consultancy business during the quarter under review. Company has discontinued its old model of e- Commerce business due to which it is facing cash flow mismatches. However, the management is constantly trying to introduce new e-Commerce business model. Management is confident that in near future, Company will be in revival mode and thereby going concern will not be affected.

As far as another qualification given by Auditors for not carrying out Actuarial valuation as per the recommendations of Ind AS 19 issued by ICAI, and instead provided for Gratuity on accrual basis as per Management Estimates. This amount of shortfall in such provision is currently unascertainable since the Actuarial Valuation was not carried out. However, the management is of the opinion that the provision created in the books is sufficient considering the number of employees.

Secretarial Auditors' Report

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Secretarial Standards etc. issued by the regulatory bodies except as mentioned in Secretarial Audit Report. The Secretarial Audit Report is annexed as **Annexure III** with this Report.

Explanation on qualifications in Secretarial Auditors' Report

Secretarial Auditors has given the qualification that the company has not complied with the provision of Section 93 of the Companies Act, 2013 w.r.t. non-filing of of MGT-10 with respect to change of more than two percent of the paid-up share capital of the company held by top ten shareholders of the company. Management had not delayed that compliance intentionally. Management is always willing to comply with each and every law applicable to the Company in due course and within time frame but due to some unavoidable circumstances the highlighted compliance got delayed and when management noticed to ratify its mistake the provision with respect to that compliance had been omitted by the Ministry of Corporate Affairs and the said form has been removed by the MCA and thereafter it became impossible for us to file that E-form.

CORPORATE GOVERNANCE REPORT

In accordance with Regulation 34(3) read with Clause C of Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred as "SEBI Listing Regulations, 2015"), the Report containing the details of Corporate Governance systems and processes at S Kumars Online Limited are as below:

1. Corporate Governance Philosophy:

The Company believes that the management is the trustee of all investors' capital and is obligated to maximize shareholders value over the long term, while preserving the interests of all its stakeholders, such as employees, customers, business partners, vendors and the society at large. It is committed to high levels of ethics and integrity in all its business dealings, which avoids all conflicts of interest. In order to conduct business with these principles, the Company creates simple corporate structures based on business needs and maintains a high degree of transparency through regular disclosures and a focus on adequate control systems. The Corporate Governance policies of the Company recognizes the accountability of the Board vis-à-vis its various constituents including Customers, Shareholders, Investors, Employees, Government and other Regulatory Authorities, with prime objective to deliver "Superior Stakeholder Value". In brief, the Company's Corporate Governance philosophy is woven around its total commitment to the ethical practices in the conduct of its business.

The Company believes in adopting the best corporate governance practices and protecting rights and interest of stakeholders. We further believe that the shareholders have the right to know complete information on the Board of Directors and the management, their interest in the organization as well as governance practice to be followed by them.

Company is in compliance with Corporate Governance Requirement as required under SEBI Listing Regulations, 2015, as amended from time to time, stipulated under fresh Listing Agreement entered into with the Bombay Stock Exchange Ltd.

2. Board of Directors:

I. Composition of Board of Director:

- a) The composition of the board is in conformity with Regulation 17 of SEBI Listing Regulations, 2015. As on 31st March, 2018, out of the total strength of the Board of 4 Directors, 3 are Non-Executive Directors. The Company has a Non-Executive Independent Chairman and the number of Independent Directors is 2, which is more than one third of the total strength of the Board as required by the SEBI Listing Regulations, 2015.
- b) None of the directors on the board hold directorships in more than ten public companies. Further, none of them is a member of more than ten committees or chairman of more than five committees across all the public companies in which he is a director. Necessary disclosures regarding committee positions in other public companies as on 31st March, 2018 have been made by the directors. None of the directors are related to each other.
- c) Independent directors are non-executive directors as defined under Regulation 16(1) (b) of the SEBI Listing Regulations, 2015. The maximum tenure of the independent directors is in compliance with the Companies Act, 2013. All the Independent Directors have confirmed that they meet the criteria as mentioned under SEBI Listing Regulations, 2015 and Section 149 of the Companies Act, 2013.

II. Board Meetings / Directors' Particulars:

During the financial year 2017-18, five (5) meetings of the Board of Directors were held on 19th May, 2017, 11th August, 2017, 13th September, 2017, 14th December, 2017 and 07th February, 2018. The Company has complied with the SEBI Listing Regulations, 2015, as amended from time to time, stipulated under fresh Listing Agreement entered into with the Bombay Stock Exchange Ltd. for holding a Board Meeting at least once in each quarter and the maximum time gap between two meetings was not more than 120 days.

The Board Agenda papers are prepared by the Company Secretary in consultation with the Chairman/Whole Time Director. The Directors are free to bring up any matter for discussion at the Board Meeting with the permission of the Chairman.

Agenda papers for Board Meetings containing all necessary documents / minimum information, as specified under Regulation 17(7) read with Part A of Schedule II of SEBI Listing Regulations, 2015, wherever applicable and materially significant, are made available to the Board at the meeting as well as in advance.

The draft minutes of the meetings are circulated to all the Directors within time as prescribed under the requirement of Secretarial Standard-1. After comment and observations by any of directors, the same has been approved by the Chairman.

The annual calendar of Board Meetings is decided by the Board of Directors in advance. The Meetings of the Board are generally held at 'Avadh' Avadhesh Parisar, G. K. Marg, Worli, Mumbai - 400 018.

The names and categories of the directors on the board, their attendance at board meetings held during the year and the number of directorships and committee chairmanships / memberships held by them in other public companies as on March 31, 2018 are given herein below. Other directorships do not include directorships of private limited companies, Section 8 companies and of companies incorporated outside India. The Statutory Auditors are invited to the meetings of the Audit Committee. The necessary quorum was present for all the meetings.

The Chairman of the Audit Committee had not attended the last Annual General Meeting of the Company held on 29th September, 2017, however Whole Time Director (Appointed as Chairman of 18th Annual General Meeting) was available to respond to the queries of the shareholders.

The Audit Committee discharges such functions and duties which are generally specified under SEBI Listing Regulations, 2015 and section 177 of the Companies Act, 2013.

The management of the Company is responsible for the Company's internal controls and the financial reporting process, while the Statutory Auditors are responsible for performing independent audit of the Company's financial statements in accordance with the generally accepted auditing practices and for issuing reports based on such audits. The Audit Committee supervises these processes and thus ensures proper and timely disclosures to maintain the transparency, integrity and quality of financial control and reporting.

The Company continued to benefit from the deliberations in the Audit Committee Meetings, as members of the Audit Committee have sound knowledge of finance, accounts, taxation and corporate laws.

Independent Auditors' Report

To the members

S Kumars Online Limited

I. Report on the Financial Statements

We have audited the attached financial statements of S Kumars Online Limited (hereinafter referred to as the Company), comprising of the Balance Sheet as at 31st March 2018, the Statement of Profit and Loss (including other comprehensive income), the statement of Changes in Equity and the Cash Flow Statement for the year then ended along with the Significant Accounting Policies and other explanatory information forming an integral part thereof.

II. Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) referred to in Section 133 of the Companies Act, 2013 (hereinafter referred to as the Act), read with Rule 7 of the Companies (Accounts) Rules, 2014 and in accordance with the accounting principles generally accepted in India. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

III. Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our audit opinion.

Basis for Qualified Opinion

As stated in the Notes No. 24 and Note No. 26 of the financial statements regarding;

- 1) *The Company has been incurring constant losses also the net worth of the Company has been fully eroded further the Company has also discontinued all its major line of business, it has also been facing cash-flow mismatches if the management is not able to infuse adequate money on appropriate time than the going concern assumption will get impacted. However the financial statements of the Company are prepared on going concern basis.*
- 2) *The Company has during the year, not carried out Actuarial valuation as per the recommendations of Ind AS 19 "Employee Benefits" issued by the Institute of Chartered Accountants of India and instead provided for Gratuity on accrual basis as per Management Estimates. The amount of shortfall in such provision is currently unascertainable since the Actuarial Valuation was not carried out. However, the management is of the opinion that the provision created in the books is sufficient considering the number of employees.*

IV. Qualified Opinion

Except for the matters described in basis of Qualified Opinion, In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2018, its Loss, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

V. Report on Other Legal and Regulatory Requirements

1. Annexure II to the Independent Auditors' Report
(Referred to in our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the attached financial statements of **S Kumars Online Limited** (hereinafter referred to as "the Company") as at 31st March 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls :

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility :

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") and the Standards on Auditing issued by the ICAI deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those standards and the Guidance Note that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting :

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting :

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be

detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion :

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The financial statements up to year ended March 31, 2017, were prepared in accordance with the Accounting Standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act ("Previous GAAP").

These financial statements for the year ended March 31, 2018 are for the first time the Company has prepared in accordance with Ind AS. An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows including reconciliations and descriptions of the effect of the transition are provided in 2.2 below (Reconciliation between previous GAAP and Ind AS).

The financial statements are presented in 'Indian Rupees', which is also the Company's functional currency.

- **Summary of Significant Accounting Policies:**

i) Current vs Non Current Classification

The company presents assets & liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being unexchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle.
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are considered as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and services offered by the company, operating cycle determined is 12 months for the purpose of current and non-current classification of assets and liabilities.

(b) Historical cost convention

The financial statements have been prepared under the historical cost convention.

(c) Recent accounting pronouncements

The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. The amendments do not have any material impact on the financial statements of the Company.

(d) **Foreign currency translation:**

Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in 'Indian Rupees' (INR), which is the Company's functional and the Company's presentation currency

(e) **Property, plant and equipment**

All items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Transition to Ind AS:

On transition to Ind AS, the Company has elected to avail fair value of all of its property, plant and equipment recognized as at April 1, 2016 as deemed cost.

Depreciation methods, estimated useful lives and residual value:

Depreciation is provided to the extent of depreciable amount on Straight Line Method (SLM) based on useful life of the assets as prescribed in Part C of Schedule II to the Companies Act, 2013.

Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

(f) **Impairment of non-financial assets**

Assets that are subject to depreciation or amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's or cash generating unit's carrying amount exceeds its recoverable amount and is recognized in the Statement of Profit and Loss.

(g) **Cash and cash equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, demand deposits with banks, short-term balances (with an original maturity of three months or less from date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

(h) **Investments and other financial assets**

i. Classification

The Company classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- Those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.

ii. Measurement

At initial recognition, the Company measures a financial asset at its fair value, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

iii. Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

iv. Derecognition of financial assets

A financial asset is derecognized only when:

- I. the rights to receive cash flows from the asset have expired, or
- II. the company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows to one or more recipient

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the company has not retained control of the financial asset. Where the company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

v. Income recognition

Interest income

Interest income from debt instruments/deposits is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

vi. Financial liabilities

I. Classification as debt or equity

Debt and equity instruments issued by the company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definition of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

II. Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liability doesn't include borrowings, dues to holding company and creditors for capital expenditure.

III. Subsequent measurement

The measurement of financial liabilities depends on their classification.

IV. Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

(i) **Provisions, Contingent Liabilities and Contingent Assets:**

Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed as contingent liability.

Contingent Assets:

A contingent asset is disclosed, where an inflow of economic benefits is probable.

(j) **Income tax**

Income tax expense comprises current and deferred taxes. Current tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

(k) **Earnings per share**

In determining earnings per share, the company considers the net profit after tax and includes the post tax effect of any extraordinary items. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period.

(l) **Cash flow statement**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

(m) **Use of Estimates**

The presentation of financial statements in conformity with the generally accepted accounting principles requires estimates and assumptions to be made that may affect the reported amount of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimated.

1.2 Critical accounting estimates and judgments

Preparing the consolidated financial statements under Ind AS requires management to take decisions and make estimates and assumptions that may impact the value of revenues, costs, assets and liabilities and the related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company make estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(a) Income taxes

There are transactions and calculations for which the ultimate tax determination is uncertain and would get finalized on completion of assessment by tax authorities. Where the final tax outcome is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

2. Transition to Ind AS:

These are the Company's first financial statements prepared in accordance with Ind AS. The Company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from April 01, 2016, with a transition date of April 01, 2016. These financial statements for the year ended March 31, 2018 are the first the Company has prepared under Ind AS. For all periods upto and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with the previously applicable Indian GAAP (previous GAAP).

The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements be applied retrospectively and consistently for all financial years presented. Accordingly, the Company has prepared financial statements which comply with Ind AS for year ended March 31, 2018, together with the comparative information as at and for the year ended March 31, 2017. The Company's opening Ind AS Balance Sheet has been prepared as at April 01, 2016, the date of transition to Ind AS.

2.1 Exemptions and exceptions availed

In preparing these Ind AS financial statements, the Company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). This note explains the adjustments made by the Company in restating its previous GAAP financial statements, including the Balance Sheet as at April 01, 2016 and the financial statements as at and for the year ended March 31, 2017.

(a) Ind AS optional exemptions

i. Deemed cost

Ind AS 101 permits a first-time adopter to measure all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS at fair value or previous GAAP carrying value and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. The company has elected to use previous GAAP carrying value as deemed cost.

ii. Measurement of Investment in subsidiaries, associates and joint venture

Ind AS allows entity that subsequently measures an investment in a subsidiary, joint ventures or associates at cost, may measure such investment at cost (determined in accordance with Ind AS 27) or deemed cost (fair value or previous GAAP carrying amount) in its separate opening Ind AS balance sheet.

For investments in equity instruments of subsidiary the company has elected to apply separate exemption available under Ind AS 101 by measuring at their previous GAAP carrying amount cost which is deemed cost at the date of transition to Ind AS.

(b) **Ind AS mandatory exemptions**

The Company has applied the following exceptions from full retrospective application of Ind AS as mandatorily required under Ind AS 101:

i. Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at April 01, 2015 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- Impairment of financial assets based on expected credit loss model

ii. Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets (debt instruments) on the basis of the facts and circumstances that exist at the date of transition to Ind AS. Consequently, the Company has applied the above assessment based on facts and circumstances exist at the transition date.

2.2 **Reconciliations between previous GAAP and Ind AS**

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

The presentation requirements under previous GAAP differ from Ind AS and hence the previous GAAP information has been regrouped for ease of reconciliation with Ind AS. The regrouped previous GAAP information is derived based on the audited financial statements of the Company for the year ended March 31, 2017. **(Rs. in Lakhs)**

(b) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

(c) Valuation technique used to determine fair values

The carrying amount of current financial assets and liabilities are considered to be the same as their fair values, due to their short term nature.

The fair value of security deposits and borrowings has been considered same as carrying value since there have not been any material changes in the prevailing interest rates. Impact on account of changes in interest rates, if any has been considered immaterial.

Note

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities which are included in level.

There were no transfers between any levels during the year.

36. Financial risk management

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, financial assets measured at amortised cost.	Aging analysis	Diversification of bank deposits
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

(a) Credit risk

The company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the company. Credit risk arises from cash and cash equivalents and financial assets carried at amortised cost

Credit risk management

Credit risk is managed at company level depending on the policy surrounding credit risk management. For banks and financial institutions, only high rated banks/institutions are accepted. Generally all policies surrounding credit risk have been managed at company level.

(b) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the company's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in the operation of the company in accordance with practice and limits set by the company.

Maturities of financial liabilities

The amounts disclosed in the below are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

37. Capital Management

(a) Risk Management

The company's objectives when managing capital are to safeguard the company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Company monitors capital on basis of total equity on a periodic basis. Equity comprises all components of equity includes the fair value impact. The following table summarizes the capital of the Company:

(Rs. In '000s)

Particulars	March 31, 2018	March 31, 2017	April 1, 2016
Equity	(1,03,452.66)	(1,01,265.17)	(98,989.25)

38. There are no reportable segments during the year, as per the recommendations of Accounting Standard-17 (AS 17) 'Segment Reporting'.

39. Previous year's figures have been regrouped / reclassified wherever considered necessary.

Independent Auditors' Report

To the members

S Kumars Online Limited

I. **Report on the Financial Statements**

We have audited the accompanying consolidated financial statements of S Kumars Online Limited (hereinafter referred to as "the Holding Company") and its subsidiary (collectively referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2018, the Consolidated Statement of Profit and Loss, (including other comprehensive income), the statement of Changes in Equitythe Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information(hereinafter referred to as "the consolidated financial statements").

II. **Management's Responsibility for the Financial Statements**

The Holding Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) referred to in Section 133 of the Companies Act, 2013 (hereinafter referred to as the Act), read with Rule 7 of the Companies (Accounts) Rules, 2014 and in accordance with the accounting principles generally accepted in India. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

III. **Auditors' Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstancesbut not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our audit opinion.

Basis for Qualified Opinion

As stated in the Notes No.24 of the financial statements regarding;

The Holding Company has been incurring constant losses also the net worth of the Holding Company has been fully eroded further the Holding Company has also discontinued all its major line of business, it has also been facing cash-flow mismatches if the management is not able to infuse adequate money on appropriate time than the going concern assumption will get impacted. In case of the Subsidiary Company the Company has not identified any line of

business further more than 50% of its networth is already eroded if the said subsidiary Company is not able to identify and commence business in near future than the going concern assumption will get impacted. However the financial statement are prepared of the Group on going concern basis.

IV. Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group as at 31st March 2018, and its loss and its cash flows for the year ended on that date.

V. Report on Other Legal and Regulatory Requirements

1. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid financial statements;
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the so far as appears from our examination of those books;
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity, and the Consolidated Cash Flow Statement dealt with by this report are in agreement with the relevant books of account maintained for the preparation of the consolidated financial statements;
 - (d) In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, In our opinion, the Consolidated Balance Sheet, Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this report comply with the Indian Accounting Standards (Ind AS) referred to in Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - (e) The matter described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Group;
 - (f) On the basis of written representations received from the directors of the Holding Company as on March 31, 2018, and taken on record by the Board of Directors of the Holding Company, none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of section 164(2) of the Act.;
 - (g) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure I"
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Annexure I**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the attached consolidated financial statements of **S Kumars Online Limited** (hereinafter referred to as "the Group") as at 31st March 2018 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Holding Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Holding Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility :

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") and the Standards on Auditing issued by the ICAI deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those standards and the Guidance Note that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting :

A Group's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Group's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group are being made only in accordance with authorizations of management and directors of the Group; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Group's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting :

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not

2017-2018
Consolidated Financial Statements with Auditors' Report

S Kumars Online Limited

be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion :

In our opinion, the Group has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, however the same needs to be further strengthened the based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 1: Significant Accounting Policies and Notes on Consolidated Accounts – 31st March 2018**1. Significant Accounting Policies:****1.1 Basis of preparation, measurement and significant accounting policies**

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of Preparation**Compliance with Accounting Standards**

The consolidated financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and relevant provisions of the Companies Act, 2013 ("the Act"). These are the Company's first Ind AS financial statements and accordingly, Ind AS 101, 'First-time Adoption of Indian Accounting Standards' has been applied. The policies set out below have been consistently applied during the year presented.

The financial statements up to year ended March 31, 2017, were prepared in accordance with the Accounting Standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act ("Previous GAAP").

These financial statements for the year ended March 31, 2018 are for the first time the Company has prepared in accordance with Ind AS. An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows including reconciliations and descriptions of the effect of the transition are provided in 2.2 below (Reconciliation between previous GAAP and Ind AS).

The financial statements are presented in 'Indian Rupees', which is also the Company's functional currency.

- **Summary of Significant Accounting Policies:**

i) Current vs Non Current Classification

The company presents assets & liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being unexchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle.
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are considered as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and services offered by the company, operating cycle determined is 12 months for the purpose of current and non-current classification of assets and liabilities.

(b) Principles of consolidation

Subsidiary is an entities (including structures entity) over which the group has control. The group controls an entity when the group is exposed to, or has right to, variable return from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiary is fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the group.

The group combines the financial statements of the parent and its subsidiary line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealized gains on transactions between group companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidences of an impairment of the transferred asset. Accounting policies of subsidiary have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the result and equity of subsidiary are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

(c) **Historical cost convention**

The financial statements have been prepared under the historical cost convention.

(d) **Recent accounting pronouncements**

The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. The amendments do not have any material impact on the financial statements of the Company.

(e) **Foreign currency translation:**

Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in 'Indian Rupees' (INR), which is the Company's functional and the Company's presentation currency

(f) **Property, plant and equipment**

All items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Transition to Ind AS:

On transition to Ind AS, the Company has elected to avail fair value of all of its property, plant and equipment recognized as at April 1, 2016 as deemed cost.

Depreciation methods, estimated useful lives and residual value:

Depreciation is provided to the extent of depreciable amount on Straight Line Method (SLM) based on useful life of the assets as prescribed in Part C of Schedule II to the Companies Act, 2013.

Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

(g) **Impairment of non-financial assets**

Assets that are subject to depreciation or amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's or cash generating unit's carrying amount exceeds its recoverable amount and is recognized in the Statement of Profit and Loss.

(h) **Cash and cash equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, demand deposits with banks, short-term balances (with an original maturity of three months or less from date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

(i) **Investments and other financial assets**i. Classification

The Company classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- Those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.

ii. Measurement

At initial recognition, the Company measures a financial asset at its fair value, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

iii. Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

iv. Derecognition of financial assets

A financial asset is derecognized only when:

- I. the rights to receive cash flows from the asset have expired, or
- II. the company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows to one or more recipient

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the company has not retained control of the financial asset. Where the company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

v. Income recognition

Interest income

Interest income from debt instruments/deposits is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

vi. Financial liabilities

I. Classification as debt or equity

Debt and equity instruments issued by the company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definition of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

II. Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liability doesn't include borrowings, dues to holding company and creditors for capital expenditure.

III. Subsequent measurement

The measurement of financial liabilities depends on their classification.

IV. Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

(j) **Provisions, Contingent Liabilities and Contingent Assets:**

Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed as contingent liability.

Contingent Assets:

A contingent asset is disclosed, where an inflow of economic benefits is probable.

(k) **Income tax**

Income tax expense comprises current and deferred taxes. Current tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

(l) **Earnings per share**

In determining earnings per share, the company considers the net profit after tax and includes the post tax effect of any extraordinary items. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period.

(m) **Cash flow statement**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

(n) **Use of Estimates**

The presentation of financial statements in conformity with the generally accepted accounting principles requires estimates and assumptions to be made that may affect the reported amount of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimated.

1.2 **Critical accounting estimates and judgments**

Preparing the consolidated financial statements under Ind AS requires management to take decisions and make estimates and assumptions that may impact the value of revenues, costs, assets and liabilities and the related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company make estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(a) **Income taxes**

There are transactions and calculations for which the ultimate tax determination is uncertain and would get finalized on completion of assessment by tax authorities. Where the final tax outcome is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

2. **Transition to Ind AS:**

These are the Company's first financial statements prepared in accordance with Ind AS. The Company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from April 01, 2016, with a transition date of April 01, 2016. These financial statements for the year ended March 31, 2018 are the first the Company has prepared under Ind AS. For all periods upto and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with the previously applicable Indian GAAP (previous GAAP).

The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements be applied retrospectively and consistently for all financial years presented. Accordingly, the Company has prepared financial statements which comply with Ind AS for year ended March 31, 2018, together with the comparative information as at and for the year ended March 31, 2017. The Company's opening Ind AS Balance Sheet has been prepared as at April 01, 2016, the date of transition to Ind AS.

2.1 **Exemptions and exceptions availed**

In preparing these Ind AS financial statements, the Company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). This note explains the adjustments made by the Company in restating its previous GAAP financial statements, including the Balance Sheet as at April 01, 2016 and the financial statements as at and for the year ended March 31, 2017.

(a) **Ind AS optional exemptions**

i. **Deemed cost**

Ind AS 101 permits a first-time adopter to measure all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS at fair value or previous GAAP carrying value and use that as its deemed cost as at the date of transition after making necessary adjustments

for de-commissioning liabilities. The company has elected to use previous GAAP carrying value as deemed cost.

ii. Measurement of Investment in subsidiaries, associates and joint venture

Ind AS allows entity that subsequently measures an investment in a subsidiary, joint ventures or associates at cost, may measure such investment at cost (determined in accordance with Ind AS 27) or deemed cost (fair value or previous GAAP carrying amount) in its separate opening Ind AS balance sheet.

For investments in equity instruments of subsidiary the company has elected to apply separate exemption available under Ind AS 101 by measuring at their previous GAAP carrying amount cost which is deemed cost at the date of transition to Ind AS.

(b) Ind AS mandatory exemptions

The Company has applied the following exceptions from full retrospective application of Ind AS as mandatorily required under Ind AS 101:

i. Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at April 01, 2015 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- Impairment of financial assets based on expected credit loss model

ii. Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets (debt instruments) on the basis of the facts and circumstances that exist at the date of transition to Ind AS. Consequently, the Company has applied the above assessment based on facts and circumstances exist at the transition date.

2.2 Reconciliations between previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

The presentation requirements under previous GAAP differ from Ind AS and hence the previous GAAP information has been regrouped for ease of reconciliation with Ind AS. The regrouped previous GAAP information is derived based on the audited financial statements of the Company for the year ended March 31, 2017.

- (b) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

- (c) Valuation technique used to determine fair values

The carrying amount of current financial assets and liabilities are considered to be the same as their fair values, due to their short term nature.

The fair value of security deposits and borrowings has been considered same as carrying value since there have not been any material changes in the prevailing interest rates. Impact on account of changes in interest rates, if any has been considered immaterial.

Note

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Consolidated Financial Statements with Auditors' Report

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities which are included in level.

There were no transfers between any levels during the year.

36. Financial risk management

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, financial assets measured at amortised cost.	Aging analysis	Diversification of bank deposits
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

(a) Credit risk

The company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the company. Credit risk arises from cash and cash equivalents and financial assets carried at amortised cost

Credit risk management

Credit risk is managed at company level depending on the policy surrounding credit risk management. For banks and financial institutions, only high rated banks/institutions are accepted. Generally all policies surrounding credit risk have been managed at company level.

(b) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the company's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in the operation of the company in accordance with practice and limits set by the company.

Maturities of financial liabilities

The amounts disclosed in the below are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

37. Capital Management

(a) Risk Management

The company's objectives when managing capital are to safeguard the company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Company monitors capital on basis of total equity on a periodic basis. Equity comprises all components of equity includes the fair value impact. The following table summarizes the capital of the Company:
